

Forms

The forms shared on this page are for Webb First Image Events in the United States only.

<https://forms.gle/TP47gm7F6kt7GQEr7>

This form asks you about your organization and the events you are planning. It also asks for information that will help us connect you to local elected officials and other hosts.

To fill this form, you will need a Google account (not necessarily a Gmail address). A Google account will allow you to edit your form submission at any time; just use the link to the form and sign-in with your Google account login information. You can read more about creating a Google account at <https://support.google.com/accounts/answer/27441?hl=en>. This page includes instructions on how to create a Google account using your existing non-Gmail email address (<https://support.google.com/accounts/answer/27441?hl=en#existingemail>).

Unless you opt-out, your organization and event will be listed on WebbTelescope.org. Hosting organizations will be on a map, and events will be listed in chronological order. We WILL NOT include your name, phone number or email on the website. If you do NOT wish to be listed publicly, you can choose that option below.
