Jdaviz in the MAST Portal

This chapter will summarize the MAST-Jdaviz workflow: searching for spectroscopic data in MAST, using the Jdaviz interface, and visualizing the science products.

In this chapter...

Using the MAST Portal

This chapter requires some familiarity with MAST Portal searches.

If you are analyzing JWST data, it may also be helpful to know about:

- JWST data product types. See Science Data Products.
- JWST file naming conventions. See JWST Conventions.
- JWST data structures and the data calibration process. See JWST Data Structures.
