Research Projects for JHU Undergrad and Grad Students at STScI

Instructions and costs for hiring JHU Undergrad and Grad Students can be found here.

To promote your projects to prospective JHU graduate students, please provide the following information:

1. PI name and contact information (webpage link also recommended)
2. Project duration
   - Is this project better suitable for an undergraduate student, a graduate student, both?
   - 1yr rotation project?
   - 1yr rotation with potential for a thesis project?
   - thesis project?
3. Project abstract (a figure would also be helpful)
4. The work you imagine having the graduate student do - specifically, will they be leading the paper after creating the result?

Include the page with your project in the Confluence page Projects available for Spring/Fall 2023

Previous projects can be found in the Confluence page Archived projects
