

Frontier Fields News

06/11/2016 New v0.5 data products for Epoch 2 of [Abell S1063](#) have been released.

05/13/2016 New v1.0 data products for the [Hubble Legacy Field](#) have been released.

05/05/2016 New v0.5 data products for Epoch 2 of [Abell S1063](#) have been released.

04/04/2016 New v1.0 data products for Epoch 1 of [Abell 370](#) have been released.

03/22/2016 New v1.0 data products for Epoch 1 of [Abell S1063](#) have been released.

01/21/2016 New v0.5 data products for Epoch 1 of [Abell 370](#) have been released.

11/28/2015 New v0.5 data products for Epoch 1 of [Abell S1063](#) have been released.

09/22/2015 New [GLASS data products](#) have been released.

06/29/2015 New v1.0 data products for Epoch 2 of [MACS1149](#) have been released.

05/29/2015 New v0.5 data products for Epoch 2 of [MACS1149](#) have been released.

05/19/2015 New v1.0 data products for Epoch 2 of [MACS0717](#) have been released.

04/01/2015 New v0.5 data products for Epoch 2 of [MACS0717](#) have been released and observations for this cluster are now complete.

03/21/2015 New v0.5 data products for [MACS0717](#) have been released for the first observations of Epoch 2 of this cluster.

02/02/2015 Epoch 1 for [MACS1149](#) and its parallel field is complete and v1.0 data products have been released.

02/02/2015 We are pleased to announce the [Hubble Frontier Fields Focus Meeting](#) [blocked URL](#) August 3-5, 2015 during the IAU General Assembly, which will take place in Honolulu, Hawaii, USA.

01/29/2015 The last two sets of Frontier Fields have been recommended and approved for observation in HST Cycle 23. For the full report of the HFF Midterm Review committee see [here](#). Observational plans for Abell S1063 ([HST DD 14037](#)) and Abell 370 ([HST DD 14038](#)) are now available.

01/09/2014 Epoch 1 for [MACS1149](#) and its parallel field is complete and v0.5 data products have been released.

12/03/2014 Epoch 1 for [MACS0717](#) and its parallel field is complete and v1.0 data products have been released.

11/28/2014 v0.5 data products for Epoch 1 of [MACS1149](#) have been released.

09/24/2014 Epoch 2 for MACSJ0416 and its parallel field is complete and v1.0 data products have been released.

09/15/2014 ESO/MPG-2.2m WFI optical wide field observations of MACSJ0416 are now publicly [available](#) [blocked URL](#).

09/09/2014 Gemini MACSJ0416.1-2403 reduced data is now [available](#) [blocked URL](#).

08/09/2014 First v0.5 data release for Epoch 2 of MACSJ0416.1-2403 and its parallel field is now [available](#).

07/25/2014 Epoch 2 for Abell 2744 and its parallel field is complete and v1.0 data products have been [released](#). Our first cluster is complete!

05/24/2014 First v0.5 data release of Abell 2744 Epoch 2 now available in the archive. See [MAST Frontier Fields](#).

03/04/2014 Epoch 1 for MACSJ0416.1-2403 and its parallel field is complete and v1.0 data products have been [released](#).
